Maybe even better than free.

There are no restrictions on the number of times a file can be downloaded. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You can give this download link to your friends by mail or instant messenger. If only we could, we surely would! On the other hand, using file can actually save you money. You don't need any special software installed to be able to download your files. No account or credit card is required to get started. Our service is completely free for everyone. So try our free and simple filehosting service now. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of thatdata transfer is covered by your internet service or the data plan on your phone. Files can be downloaded from any computer from our high speed servers. Usingfile, you can circumvent those limits without paying to upgrade your team chat service. You decide who you want to share your files with. Just upload the fileyou want to share with your friends and we send you a download link to your file. Files transferred the old-fashioned way tend to pile up and be forgottenabout, eventually costing you money in data storage fees. You can upload any type of file (movies, music, documents, images, zip files and more).Unfortunately, we can't make that part free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat appshave limits to the size of files that can be transferred within their apps. It is also allowed to link to the download page from websites and communities. Keepyour files private, or send your download links only to friends or family. filehosting provides an easy possibility for you to send large files to your friends.Alternatively you can choose to share your download links on blogs, forums and social networking sites. Any file in any format can be uploaded anddownloaded for free. File is free to use with no gotchas and no hidden fees. We have no file size limit. When you use file, you avoid storing the file you'resending in your cloud storage or mail server.

Simply upload your file and share the link.
