Updated : Monday 14 June 2021

Using file, you can circumvent those limits without paying to upgrade your team chat service. It is also allowed to link to the download page from websites and communities. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. File is free touse with no gotchas and no hidden fees. You can give this download link to your friends by mail or instant messenger. filehosting provides an easy possibilityfor you to send large files to your friends. Unfortunately, we can't make that part free. You decide who you want to share your files with. When you use file,you avoid storing the file you're sending in your cloud storage or mail server. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Keep your files private, or send yourdownload links only to friends or family. Our service is completely free for everyone. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Just upload the file you want to share with yourfriends and we send you a download link to your file. You don't need any special software installed to be able to download your files. No account or credit cardis required to get started. There are no restrictions on the number of times a file can be downloaded. We have no file size limit. So try our free and simplefilehosting service now. You can upload any type of file (movies, music, documents, images, zip files and more). Any file in any format can be uploaded anddownloaded for free. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between yourcomputer or phone and our servers, then from our servers to your friends device. If only we could, we surely would! On the other hand, using file can a
