The film He had 4.6 million admissions (the equivalent of more than US \$ 30 million) in his first two weeks due to the Fort Boca A Boca. A day, Yong-Gu saved the life of his cellman and leader of the band of prisoners, so Yang-Ho, of being appointed by a leadership of the rival prisoner band. The five inmates, when learning of Yong-Gu's innocence, then plan together to make the miracle come true. In 1997, Ye-Sung, 6 years old, and the father of Him, Yong-GU (who has a mental disability with the brain of a 6-year-old girl), have been wanting to buy a sailor backpack Moon. Reply Catchplay began to make a significant species in the development of content of digital movies before others in Taiwan. This was especially remarkable since Miracle in Cell No. 7 did not have great stars, and a modest budget with a balance point of 1.7 million admissions, making its eventual benefit the highest among the movies that reached the 10 million. Errondeously accused of murder and violation, Yong-Goo is prisonered by murder, and builds friendships with hardened criminals in him, who in return help him to see her daughter again introduced her into the prison. In March 2016, the Catchplay + Service Platform performed its pilot launch in Taiwan in collaboration with the main telecommunications operators and device manufacturers. The film proved to be especially popular among the middle-aged Koreans and However, a few minutes later, it is discovered and the police take it back to guarderAas. Yong-gu tells So Yang-ho he wants to see his daughter Ye-sung. Yong-gu is arrested for rape ³ murder
